In *The Captain Class*, **Sam Walker** profiles the greatest teams in history and identifies the counterintuitive leadership qualities of the unconventional men and women who drove them to succeed.

He began by setting out to answer one of the most hotly debated questions in sports: **What are the greatest teams of all time?** He devised a formula, then applied it to thousands of teams from leagues all over the world, from the NBA to the English Premier League to Olympic field hockey. When he was done, he had a list of **the sixteen most dominant teams in history.**
